

# Attendance Guide

Registering your attendance for on-campus learning is completed through our [VLE](#) system. Simply click on the module tile, select 'in-class attendance', then you just need to click on the link to confirm your attendance.

This can be completed on a phone, tablet, or laptop but you **MUST** be connected to the ARU London WIFI for this to validate. The WIFI details and password can be found in any of the classrooms as well as within the VLE itself.

More info on the [Attendance Procedure](#) and [FAQs](#) available can be found on our
